Aplus+ for assessment

Assessment data from Aplus+ is entered back into take2 to enable our administrator to print transcripts. It also enable HOFs to quickly see how a given student, course or qualification is tracking. Each course in a qualification will have one or more assessments linked to it.

Assessments for each course are created by a HoF. The grades are entered from Grades tab within a course.

Clicking Summative Assessment under the Course assessments column in the table displayed will bring up a new table listing the students in the course and their grade for that assessment.
